

NPTC (City & Guilds) Landbased Services Approved Centre

Merrist Wood College is an NPTC (City & Guilds) Landbased Services Approved Centre, offering a range of training courses and assessments for landbased qualifications.

Our range of short courses focus on the specialist skills and knowledge required to achieve your Certificate of Competence (CoC), proving you have the ability to operate safe working practices. Each qualification has been developed to ensure the content supports the requirements of industry standards.

Once you have completed your training and feel ready to take your assessment, you can register and for your assessment below. It is essential to make sure that you have had the appropriate training before you book an assessment.
